

## LIFELONG CURES FOR WEAK, DISEASED MEN

(Established 1892) BY A TRUE SPECIALIST FOR MEN. (Established 1892)

There is absolutely no patchwork about the results of the course of treatment I give for each of the diseases I make a specialty, for soon after beginning my treatment every symptom of disease disappears and the trouble never returns.

LOWEST CHARGES || QUICKEST CURES  
of Any Specialist || That Stay Cured  
A CERTAIN CURE

is what I will give you if your case is curable; if not, I will not accept your money and promise to do anything for you. The best references I could give as to professional reliability are the many cured, satisfied patients I dismiss, which proves that my treatment cures when others fail to even benefit.

YOU CAN TAKE MY TREATMENT WITHOUT A CENT AND PAY AFTER I CURE YOU. I want a chance to prove I can cure afflicted, skeptical men.

Remember, my treatment is different, better and COSTS YOU NOTHING unless you are willing, glad and satisfied to pay me. THESE ARE THE DISEASES OF WHICH I HAVE CURED SO MANY MEN—MANY OF WHOM FAILED TO RECEIVE A CURE IN TREATING WITH OTHER SPECIALISTS.

## Look Out for That Dog.

A law will become effective June 15 which will be of interest to motorists in Kentucky, as it makes it possible for persons having dogs injured by automobilists to institute suit for damages. In civil action against owners of the offending cars. The bill was backed by the Kentucky Humane Society, which has sent out word that it will assist anyone having such a claim in prosecuting suits.

EGYPTIAN BARON is a black horse, 15.2. A grand individual and one of the best representatives of the great Baron Wilkes, now known as the Futurity family. He is one of the fastest best headed horses in Kentucky, and has been a mile over my three-quarter track, which is at least three seconds slower than Lexington, in 2:09 1/4, last half in 1:03 1/4, last quarter in :30 1/4. Although he is a pacer, he was a natural and fast trotter and could trot in 2:40 at two years old. Was raced a little for education, and proved himself a game level headed race horse, and if he stays right, we predict a record of 2:05 or better this year. He has served a few mares, and his colts are good individuals and fast. One, a yearling, out of a racing mare, is one of the best trotters, for his work, I ever had—trotted a mile, with few days work, last fall, in 2:58 1/4, last half in 1:26, last quarter in :42. Egyptian Baron will serve a few approved mares at

\$25 to insure a living foal.

Care taken, but no responsibility assumed for accidents or escapes. Money due in all cases if mare changes hands or is parted with. Mares kept on grass at \$1.00 per week.

## Still Embalming Beef.

Almost simultaneously with the charge made in Congress by Congressman Nelson, that the Department of Agriculture was "letting up" in the meat inspection standard, comes the discovery, at Philadelphia, that 26,000 pounds of "embalmed" beef had been put aboard the United States cruiser Prairie, which was about to proceed to Cuba to help quell the new revolution in that country.

This tainted food was detected, not by the regular meat inspectors, but by special inspectors assigned by the Navy Department to test that particular consignment of meat. The naval inspectors described this "meat" which was intended for the American soldiers and sailors as "filthy and diseased."

Solicitor George P. McCabe, the Wilson-underling who drove Dr. Wiley out of the government service, grew very indignant when Congressman Nelson first asserted that the meat inspectors of the Agricultural Department were not doing their duty by the public.

But the Philadelphia discovery shows that Nelson knew what he was talking about.

## Senator Lorimer, Patriot

Senator Lorimer, in announcing that he would not resign, has done the country a real service, and if he clings to that intention until the question of his retention can be decided by a vote in the Senate, he will have performed a really great service.

There are something over forty Senators who will vote to keep Lorimer in his tainted seat. If Lorimer had resigned, they would have escaped a record vote. Now that he has announced his intention to stick, they will be brought fairly to the scratch and be forced to go squarely on record.

And after they vote for Lorimer they will be retired just as soon as the people can get at them. This will be a mighty good thing for the country—for which Mr. Lorimer is entitled to credit.

## Old Doctor Gallinger.

Among the United States Senators who will vote to retain Lorimer in his seat, and who will vote against the income tax and the Democratic tariff reduction bills, and who will vote on everything that comes up just exactly as Aldrich would have voted, had he remained in the Senate, is J. H. Gallinger, of New Hampshire, sometimes called "Old Doctor Gallinger." Gallinger has ideas on other subjects than Lorimer and high tariff, and among these other subjects are the eight-hour day. Listen to him:

"I happen to be one Senator who, during a very important time in my life, was able to work sixteen hours a day, and if any man or any government should have stepped in and said that I should be allowed to work only eight hours a day, I should have considered that man or that government an enemy of mine." How such speeches must please the Steel Trust, which works men twelve hours a day, seven days a week, 375 days a year!

## Secret is Like a Bird.

A secret in his mouth is like a wild bird put into a cage; whose door no sooner opens, but it is out.—Ben Jonson.

This latter amount includes your board at Cave hotel, and the several routes through the cave, making the expense for a grand three days outing to the great Subterranean wonder for \$12.15. ## Why Women Are Not RICH.

Man is a millionaire many times over in the possession of blood cells. Woman is not quite so rich, for scientists have proven that the normal man has five million—the woman only four and a half million to a cubic millimeter of blood.

A decrease in number of red blood corpuscles and a person "looks pale"—in fact, is anemic, the blood does not get the right food and probably the stomach is disordered.

Dr. R. V. Pierce found years ago that a glyceric extract of golden seal and Oregon grape roots, queen's root and bloodroot with black cherry bark, would help the assimilation of the food in the stomach, correct liver ills and in Nature's own way increase the red blood corpuscles. This medicine he called Dr. Pierce's Golden Medical Discovery. By assimilating the food eaten the system is nourished and the blood takes on a rich red color. Nervousness is only "the cry of the starved nerves for food," and when the nerves are fed on rich red blood the person loses those irritable feelings, sleeps well at night and is refreshed in the morning.

"I was attacked with a severe nervous disease, which was caused by a disordered stomach and liver," writes Mr. J. D. Lively, of Washburn, Tenn., Route 2, Box 22. "All my friends thought I would die and the best physicians gave me up. I was advised to try Dr. Pierce's Golden Medical Discovery, and derived much benefit from same. My case had run so long, it had become so chronic that nothing would effect a permanent cure, but Dr. Pierce's medicine has done much for me and I highly recommend it. I heartily advise its use as a spring tonic, and further advise ailing people to take Dr. Pierce's medicines before their diseases have run so long that there is no chance to be cured."
